

ROYAL DOOR Ltd.
A Canadian Company Established Since 1975

Fall 2018 Newsletter

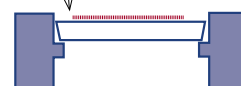

Making Doors for Over 40 Years

- The art of manufacturing doors has been passed down through 3 generations of door makers that take pride in their lineage.
- We only use CSA Approved MDF & Glass, so you can be confident that your door is up to code.
- We offer Excellent Production Times! Since we make everything in our local Concord plant, you can get your order to quickly finish your job faster than most other door companies.
- We offer "Rush Services" to expedite your order when meeting those tight deadlines.

30% Extra = 5 Business Days

50% Extra = 3 Business Days

Tip of the Month

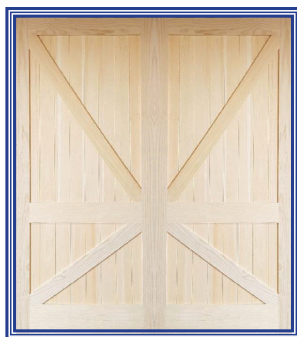

- Have the edges of your swing doors bevelled, it assists with the doors function and avoids kinking/buckling.

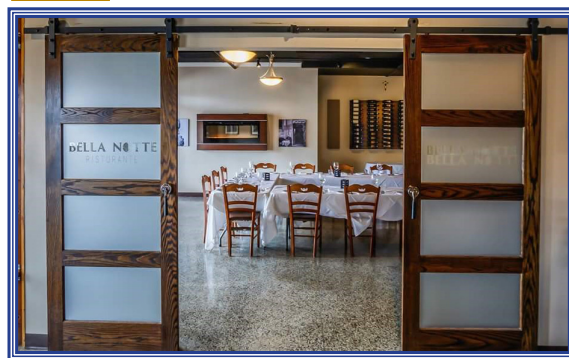

Barn Doors are Great Accent Pieces

Barn Doors

- Great aesthetic appeal for dividing rooms or covering large doorways.
- Any door style can be used as a "barn door", all of our doors are solid wood which can accomodate track installations.
- There must be an overhang larger than the opening, or else there will be a sliver of daylight as the door hangs on an angle due to the hardware.

Door of the Season

#241: Sandblasted Logo Design
*Courtesy BELLA NOTTE Ristorante
bellanotte.ca

A customized logo design used to personalize these amazing oak doors, they help to close off their private dining area with style while enjoying the best Italian food in Whitby.
