Summer 2021 Newsletter – Client Spotlight

One of the most rewarding experiences in our industry is meeting new clients and forging a long-lasting relationship with them. This is the case with Reikon where we have worked collaboratively with Michael Mawhinney and his team for over 20 years on numerous projects.

Reikon specializes in complete design/build of custom homes and renovations as well as general contracting. In this newsletter we would like to share photos of one of their exceptional turn-key new home construction in King Township that was completed in 2020. To find out more info on Reikon visit them at www.reikon.ca
