Notes

2702 - Shiplap
7 1/4" x 3/4"
(0.563 sq. ft. per LF)

A cross-sectional diagram of a three-part composite laminate. It consists of a central dark grey layer flanked by two lighter grey layers. The top and bottom surfaces of the entire assembly are covered by a thin white layer. The central dark grey layer has a wavy, undulating top surface. The lighter grey layers have a stepped profile, with the central portion being thicker than the side portions. The white surface layer is continuous across all three parts.
